## Summary

---

I am passionate web developer with expertise in **React, Node.js, HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS**. I build clean, responsive websites and applications that deliver great user experiences. With a strong focus on both front-end, I enjoy solving problems and creating seamless, functional designs.

## Skill Highlights

---

- **Front-End Development:** React, HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **Back-End Development:** Node.js
- **Version Control:** Git, GitHub
- **Web Design:** Responsive Design
- **APIs & Integration:** RESTful APIs, JSON
- **Tools & Technologies:** NPM, Webpack, Visual Studio Code, Postman
- **Problem Solving:** Debugging, Optimizing Performance, Cross-Browser Compatibility

## Experience

---

**Web Developer** - 01/2024 to Present

**Muslim Corpers' Association of Nigeria (MCAN),** Ondo State

- Designed and developed a fully responsive, user-friendly website for MCAN Ondo, enhancing its online presence and communication.
- Integrated various features, including event management, donation gateways, member registration, and local government directory for efficient information sharing.
- Ensured seamless user experience using React for dynamic UI, and Tailwind CSS & Bootstrap for modern, responsive design.
- Implemented a content management system (CMS) for easy updates of events, publications, and contact details.
- Collaborated with stakeholders to gather requirements, providing ongoing technical support and troubleshooting to ensure optimal website performance.
